Redwood lacks one asset to make it one of the most enterprising cities of its size on the coast and that asset is a very important one—a well equipped fire department. Vote for the bonds Tuesday and supply this necessary want.

S. P. McCrea, principal of the Sequoia Union highschool of this city and W. J. Savage, principal of the Colma grammar school, were reappointed members of the County Board of Education by the supervisors last Monday. The work of the two men has been entirely satisfactory and it was the unanimous opinion of the supervisors that they should continue to look after the educational affairs of the county as members of the Board of Education.

Miss Grace Davis is up from Paso Robles, where she teaches school, and is spending her vacation with her mother, Mrs. W. L. Davis.

GEORGE A. MERRILL FAVORS BOND ISSUE

MAYOR EXPLAINS URGENT NEED OF A MODERN FIRE-FIGHTING EQUIPMENT.

Heartly in favor of the proposed bond issue for the purchrse of improved fire apparatus, the Times-Gazette gladly gives space to the following convincing argument on the subject by Mayor Merrill:

Redwood City is now possessed of modern streets, an excellent water system, an up-to-date street lighting system, a new town hall, a very satisfactory fire alarm system, and an antiquated fire-fighting equipment. Aside from a fairly good supply of fire hose of excellent quality, to withstand the high pressure of water carried in the city mains, the equipment of the fire department looks much like the vintage of '49. Fortunately what the department has lacked in equipment has been offset by the personnel of its membership. We have prided ourselves on our small fire loss, but how many of us know that this is due to the unselfish devotion of the 125 men, young and old, who have constituted the organization of volunteer firemen? Without remuneration these men have given up their time to attend meetings of their respective fire companies; have responded to alarms day and night; have exposed themselves to dangers at fires and in dragging old-fashioned hose reels behind speeding automobiles; have met the expense of damaged clothing—have put up with all these things purely out of a sense of civic loyalty and in the absence of any show of appreciation from the people at large.

A few years ago the firemen were greatly displeased by the defeat of a proposed bond issue for an auto engine, and it is a tribute to their loyalty that they did not quit then and there in a body. Some urged that the proposition be re-submitted immediately, but at that time as president of the board of trustees I urged that the matter be not pressed to an issue. In the first place I felt that we should accept the will of the people with good grace. Furthermore, there had been a good many demands for money for other purposes and, as it appeared afterwards, the people were somewhat in doubt regarding the probable expense of maintaining an auto fire engine, regardless of first cost.

It is true that in Redwood City, as in all other communities, we have a few ultra-conservative, even reactionary, individuals, but taking the people as a whole nobody could ask for a better response than they have given to every clear and reasonable request for public improvements. In this instance there is no doubt in my mind that the proposed bonds for modernizing our fire equipments will carry with a good margin. The important thing is to make the best possible showing, for the reputation of the town.

The amount asked for, $7,500, is more than sufficient for the purchase of an auto chemical engine, the surplus being intended for additional fire hose and a number of incidentals that will be needed to completely modernize our equipment. A proposition has been submitted to the town trustees by a local garage situated at the very center of the town to take care of the engine, furnish gasoline and oil, make incidental repairs, and have a man on hand day and night to run it,—all for $50 a month. Undoubtedly this offer will be accepted unless a better one is tendered.

Financially the town is now in a good position to take this step. Our fire alarm system is now fully paid for, this expense having been met out of the general fund. Our water system has been put on a profitable basis, and our street lighting system is an economical one. Recently some old bonds have been wiped out and all the others have been reduced considerably. The demands upon the general fund have increased somewhat on account of the large area of populated territory that has to be kept up, but in view of the reduced tax levy for bond purposes, the total tax levy need not be increased. On the contrary, it is my personal opinion that the trustees ought to reduce taxes a little each year, even if it means enforced economy. They can't be reduced much, but even a small reduction will be a good showing as compared with other communities, increased taxation being the rule in almost all municipalities. The truth is that little old Redwood City owns its own public utilities and has them pretty well paid for, while most communities are just beginning along that line,—and the result ought to be, and will be, reflected in the tax rate. So far as this proposed bond issue of $7,500 for fire apparatus is concerned, that alone would not increase the tax rate, because during the present year our total bonded indebtedness will be reduced by an amount equal to what these bonds would add.

However, I do not mean to argue that the purchase and maintenance of this apparatus will be without expense. The question is, do we need it and can we afford it? We certainly need it, and I believe it is poor economy not to have it.

GEO. A. MERRILL.

C. J. Bettin Seriously Injured.

Carl J. Bettin, night watchman at the Frank tannery, met with a painful accident last Monday night. While making the rounds at the tannery, a board which he was walking on slipped, and he was thrown into a vat of boiling water. He was badly scalded from the hips down and is now under the care of Dr. Ross.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

NOT A QUESTION OF RATES.

The question of insurance rates is one of very small importance to the ordinary householder in the consideration of the question of fire protection. Even at the best, rates in this city are so high as to make insurance, at least for the small property owner, almost prohibitive and he is compelled to assume his own risk of the loss of the home he has, perhaps, spent the best part of a lifetime to provide for himself and family. Even with those in a position to pay the rates demanded, it is a well established fact that no insurance company will permit insurance for anything near the full value of the property. Hence it is easily apparent that every owner of property must carry at least a portion of his fire risk.

In view of these conditions a fire department equipped for prompt service is a matter of urgent importance. It is a well established fact that in ordinary cases of fire the extent of the destruction of property is in exact proportion to the time consumed in the arrival of the firemen and their apparatus upon the scene. In other words, the faster the apparatus can be moved the smaller the loss.

Of course, it is admitted that the cost of the care and maintenance of any fire apparatus that will afford reasonable protection, especially to the outlying districts, will amount to something. No one can expect that any department of a city government can be conducted without a measure of cost, usually in proportion to its efficiency.

No one would be content to continue with our old adobe streets because the construction and maintenance of modern pavements would involve some expenditure. No reasonable person would suggest the abolition of police protection because of the expense of employing patrolmen. Does not the same rule apply to fire protection? Why should we trust our property to chance, or rely upon antiquated methods, simply because efficient service may entail a slight increase in expense?

There is still virtue in the old adage, "an ounce of prevention is worth a pound of cure." It is to the interest of every citizen with a dollar's worth of property that can be burned to vote next Tuesday in favor of the bond issue.

AUSTRALIAN VISITORS ARE GIVEN A ROYAL WELCOME

The Australian Student Tourists numbering 35 young men arrived on the train from Palo Alto yesterday forenoon, and with a brass band of thirty-two pieces marched through the principal streets discoursing sweet music. The young men came from Australia several weeks ago to attend the exposition and to also make a tour of the coast. They were invited here under the auspices of the Young People's Society of the Congregational church whose guests they were during their stay in this city. A large crowd greeted the visitors at the courthouse steps at noon where a speech of welcome was delivered by Mayor George A. Merrill. The Mayor was brief in his remarks but his address was appropriate and well-timed. He told the boys that no education was complete without travel, that on their return to their homes they must resume their studies if they wished to profit by their long travels in America. He explained that they would see many nice places and meet numerous nice people, but after all there was no place like home, for there mother was awaiting their return. "The most enjoyable portion of your trip," said the Mayor, "will be your return to home and mother." Mr. Merrill advised the boys while here to write to those fond mothers across the ocean who were anxious to hear from their "wandering boys." At the conclusion of Mr. Merrill's address the band played "The Star Spangled Banner." The Australians gave an entertainment last evening in the Alhambra to a crowded house which showed its appreciation of the splendid performance by continued applause.

Court Contest Suddenly Halted.

The case of John S. Hogan against James A. Lee and Mary Lee came to an abrupt ending yesterday when it was ordered dropped from the calendar by Judge Buck. The trial was to take place yesterday and all the parties concerned and their attorneys were in court ready for action when the plaintiff asked to have an amended complaint filed. The court granted the request and the case was then ordered dropped from the calendar. The defendant was granted ten days to answer the amended complaint. It is probable that it will be some months before the case will be ready for trial Mr. Hogan brings the action to recover the sum of $750 for attorney fees for legal services rendered the Lees some years ago. The case has been pending in the superior court for some time.

Improvement of the local county roads is progressing most satisfactorily, due to the time and attention devoted thereto by Supervisor MacBain.

Local Couple Surprise Friends.

Mrs. Rose Sears surprised her numerous friends in this city last Sunday when the marriage of herself and Archibald Farlane was made known. After the ceremony the party went to San Francisco and enjoyed the day at the exposition. Mrs. Farlane has resided in Redwood City for some years and is beloved and liked by all. Mr. Farlane came recently from the east. He is the overseer for Daniel Flynn. Mr. Flynn has several large contracts for the construction of new roads for the county. Miss Grace Barger and Eugene Egenberger of this city will be united in marriage early in August. The couple will reside in this city.

FIRE FIEND CLAIMS PIONEER LANDMARK

The old Selby residence, located on the Selby estate at Atherton was totally destroyed by fire late Thursday evening. An alarm was turned in at 7 o'clock but before the hose company of Menlo Park arrived the flames had made such headway that it was impossible to save the burning building. The loss will be about $12,000 and this is partially covered by insurance. The origin of the fire is not known but it is thought to be the work of tramps, as several were seen around the residence shortly before the flames were noticed issuing from the roof of the structure. The structure was erected 28 years ago by Mrs. Thos. Selby, who is now living in Paris and who is 96 years of age. It was built on the ruins of the palatial home of the late Thomas H. Selby, at one time mayor of San Francisco, and it was there that Mr. Selby entertained lavishly in the early days, for the old home was erected in 1864. In those bygone days the Selby home was known far and wide for its hospitality and was often the scene of brilliant receptions and gay parties at which many of the prominent officials and men of wealth from all portions of the country attended. The row of cedar of Lebanon trees planted just in front of the building that was burned on Thursday was planted in 1864 by the late T. Doran and were the first trees of this variety to be imported to California. The trees were scorched by the fire but will lose none of their beauty for which they were noted and admired by everyone who visited the staid old home. Much of the costly old bric-a-brac and furniture, the accumulation of years, was destroyed, only a few articles were saved. The building was unoccupied for a long time, the last occupant being Dr. A. T. Leonard of San Francisco, who lived there for some time after the earthquake and fire. The costly antique sideboards imported from Germany at an enormous cost, were destroyed together with oil paintings by old masters, the value of which cannot be estimated. The burning of the ancient structure, removes an old land mark which, perhaps had outlived its usefulness, but had served to link the present with the past

Nyman, for 37 years an engineer in the employ of the Oceanic Steamship Company of San Francisco and for 19 years chief engineer on the ships plying between San Francisco and Australia and who recently retired, has purchased one of the pretty Donnelly and Waller cottages in Redwood Highlands, and will make this city his home. Mr. Nyman will spend his remaining years in peace and quiet amid healthful surroundings and pleasant scenes.

MODERN MACHINE SHOP LATEST LOCAL INDUSTRY

A. and J. come to Redwood to reside permanently and bring with them high reputations as mechanics.

MAINTENANCE COST TO BE SMALL ITEM

Offer to Care for New Fire Apparatus Submitted to Council by Local Garage Owner

That the purchase of the proposed new auto chemical apparatus will not result in the creation of salaried positions in the fire department and that the cost of the care and operation of the machine will not add materially to the expense of the city was made plainly evident at the regular meeting of the city council last Monday evening, at which all the trustees were present. Following the transaction of the routine business of the evening, most of which was of minor importance, Trustee Sampson, chairman of the fire department committee, laid before the council an offer from W. B. Chubbuck, proprietor of the Peninsula Garage, located near the depot, to provide a proper building for the machine and to provide for its care, including the making of all minor repairs, including the furnishing of the oils and gasoline necessary for its operation, and to keep men ready for its operation, both during the night and day at a cost to the city not to exceed $50 per month. As the location is regarded as the most central one available and the cost considering the work offered a most reasonable one, the tender was considered decidedly satisfactory. While the unanimous sentiment of the trustees favored the acceptance of the offer, no official action was taken, the impression being that this could not be legally done at this time and that it would be necessary to await authorization by the people of the purchase of the machine before making a contract for its care and operation.

A protest against the whitewashing of trees standing in the streets was filed by a number of residents of Redwood Highlands, the objection offered being that this detracted from the scenic effects of the landscape while offering but little protection from accidents. The trustees, however, seemed to be of the opinion that some steps must be taken to lessen the liability of the city in case injuries resulted from collisions with trees standing in public highways or that as a matter of public safety the trees must be removed. In order that the matter might be more fully investigated, action on the protest was deferred.

According to the report of City Clerk Plump and Marshal Coleman, the receipts of the city for the past month amounted to a total of $1852.05, divided among the several sources as follows:

Water rates	$1206.00
Water connections	360.0
Plumbers' fees	30.00
Sewer connections	10.00
Miscellaneous licenses	55.00
Dog licenses	22.00
Sale old transformers	50.00
Taxes	119.05

According to the report of City Treasurer Towne, the balances in the several funds at the close of the month were as follows: Water fund, $4205.88; library fund, $1642.75; general fund, $1144.90.

Plumbing Inspector Barton reported that during the month he has made and approved eleven inspections.

Paul Demartini was the only one of the saloon keepers of the city who failed to secure the usual annual renewal of his license. Clerk Plump presented to the council the regular annual applications for the 20 saloons of the city, as well as those of three restaurants and two wholesale dealers in liquors. Upon a favorable report of the police committee all of these were granted with the single exception of that of Demartini. In the case of Demartini, Chairman Sampson of the committee reported evidence had been presented showing that he had been guilty of violations of the ordinance governing the conduct of the saloon business on numerous occasions during the past year and on this report action on the application was deferred indefinately, thus closing the place for the present at least.

At his own request, T. C. Rice was allowed to withdraw his bid for the construction of concrete curbs and sidewalks on the County road.

John and J. A. Marchant petitioned for and were granted a permit to maintain a storage warehouse for gasoline and its products at the corner of the County road and Vera avenue.

Superintendent of Streets J. C. Dickey was given authority to make temporary repairs on the westerly portion of Whipple avenue, it being understood that the cost was not to exceed $50.

At the request of E. T. McGettigan, the council decided to subscribe $10 per month toward the advertising fund of the Peninsula Industrial Commission which is engaged in a publicity campaign calling attention to the advantages of the peninsula section of the county as a manufacturing and residential district.

City Attorney Mansfield presented an amendment to the general license ordinance designed to more definitely restrict the operation of representatives of so called "suit clubs." The ordinance was given its introductory reading.

City Attorney Mansfield presented drafts of ordinances designated to regulate the width of tires on heavily loaded vehicles and to regulate the construction of buildings with a view to protection from fire risk. These were referred to the committee on public works for consideration.

The regular list of claims against the city were allowed and ordered paid. Following the allowance of the claims, trustee Deleau, chairman of the finance committee of the council, called attention to the dilatory methods of claimants, a matter which in the past has seriously interfered with the dispatch of the business of the council. Bills against the city are acted upon at the second meeting in each month and a rule of the council requires that the bills must be filed with the City Clerk on the Thursday preceeding this meeting. Trustee Deleau announced that the finance committee had determined that in the future this rule would be strictly adhered to and that in order to receive consideration claims must be filed with the city clerk before the closing of business on the Thursday preceeding the second meeting of the month, otherwise there will be a delay of a month in their consideration.

SMALL SENSATION DEVELOPS IN GUARDIANSHIP CONTEST

Much sensation was developed in the hearing in the guardianship case of Dorothy Lewis that took place before Judge Buck on Tuesday afternoon. Mrs. Mary Thomas, aunt of the little girl who is only nineteen months old, seeks to be guardian and much bitterness has been engendered between Mrs. Thomas and Mrs. Lewis, the mother. According to allegations of the complaint, the father of the child deserted the mother shortly after Dorothy was born and Mrs Lewis took the infant to Mrs Thomas where the girl has remained since Lately the mother has developed a desire to take the child away, and to forestall this action Mrs. Thomas filed a petition for guardianship. Mrs. Lewis desires to secure the care and custody of the girl and is resisting the efforts of Mrs. Thomas. The plaintiff sought yesterday to prove that the mother was not a proper person to have the custody of the child and at this point the bitterness engendered in the case was shown. The case will be argued and submitted on Monday afternoon. Lee T. Ross appeared for the petitioner and Attorney Ferrell for Mrs. Lewis. The parties to the suit reside at San Mateo.

AN OPEN LETTER.

D. E. Graham Explains Why He Opposes Bond Issue.

D. E. Graham is opposed to the bond issue and expresses himself on the subject as follows:

In the issue of *The San Mateo News*, of June 16th., there appeared an article that purported to be the proceedings of *The Redwood City Board of Trade*. This article stated that I, David E. Graham, opposed a measure favoring the procuring of an automobile chemical fire engine.

The News goes on to state that I opposed the proposition because "Redwood City was not destroyed by fire last year, or the year before, and therefore won't burn down this year, or in the years to come." Again, it quotes a ridiculous story of "a Missourian who had no roof on his house in summer and thought therefore he didn't need one in winter."

Such ridicule impells me to make public the statements presented by me at that meeting, so that all fair-minded, sincere, reflecting citizens may know in truth the grounds whereon I based my opposition, which are:

First, no reduction of insurance rates, because now we have the absolute *minimun rate*, due to the present efficient facilities.

Second, no advantage to town proper, because it is now adequately protected by the four existing firehose companies. And moreover, in winter-time, or on bad side-roads, such a very heavy machine can only with great difficulty and never to itself reach those living in certain outlying places.

Third, useless expenditure, this chemical engine is to cost.....$6,500

Interest on bonds at 6 per cent, per annum..... $300

Garage charge for storage is $50 per month, or per annum.....$600

Such a complicated automobile has a reasonable life of only 5 years, which means a depreciation of $1,300

This gives an *annual cost* of $2,200 per annum, with the chemical engine useless 5 years before the *bond issue* is due.

Nothing has been included for tires, gasoline or oil, or even for break-downs which might easily be very expensive.

The total amount raised by the town taxes is now $28,000, and steadily increasing.

Do we wish to spend $2,200 of total tax levy on a chemical engine?

DEATH OF BERT BEHRENS AT HOME IN GRASS VALLEY.

Bert G. Behrens, nephew of L. P. Behrens of the First National Bank, and well known in this city where he resided for some years, passed away at his home in Grass Valley last Sunday morning. Death was caused by pneumonia, the deceased being ill scarcely more than a week.

Bert Behrens, before his departure for Grass Valley in 1910, held a responsible position with the Bank of San Mateo county. He made many friends while living in this city, all of whom will hear with much regret of his passing away. After leaving here he engaged in the nursery business at Grass Valley, and which business he followed up to the time of his death.

He was a native of Glenn county, and was 35 years of age. He leaves a wife and two children, a boy and girl. The funeral took place Tuesday, the remains being taken to Sacramento for interment. L. P. Behrens went up from here to attend the funeral.
